NO. 16

To Compel Observance of Sunday

We learn from an indirect source that there will be an organized effort to enforce a strict observance of the Sabbath in this State. By request, and for the benefit of all, we publish below the law in the matter:

Sec. 1321, Kentucky Statutes—No work or business shall be done on the Sabbath day, except the ordinary household offices, or other work of necessity or charity, or work required in the maintenance or operation of a ferry, skiff or steamboat or steam or street railroad. If any person shall on the Sabbath day shall himself be found at his own, or any other trade or calling, or shall employ his apprentices, or other person, in labor or other business, whether the same be for profit or amusement, unless such as is permitted above, he shall be fined not less than \$2.00 nor more than \$50.00 for each offense. Every person or apprentice so employed shall be deemed a separate offense. Persons who are members of a religious society, who observe as a Sabbath any other day in the week than Sunday, shall not be liable to the penalty, prescribed in this section, if they observe as a Sabbath one day in each seven as herein provided.

Townsend-Skinner.

Miss Katherine Skinner, of Estill county and Mr. Charles J. Townsend, of Powell county, secured a marriage license Monday morning and were united in marriage at the residence of the officiating minister, Elder J. W. Harding, on Monday afternoon.

Miss Skinner is well known in this city and county where she has often visited her friends and relatives and is popular with a host of friends and relatives and is popular with a host of friends.

Mr. Townsend belongs to the U. S. army and is at present at home on a furlough. His time will expire in August when he will return to Powell where he and his bride will reside.—Winchester Sun.

Pikes in Estill

Work has begun in Estill county on the new Richmond turnpike. The building of this pike will cost the county less than \$700 per mile. The citizens of the county interested in the road, Richmond business men, and the State, put up the remainder of the cost. This is most assuredly a commendable way to build roads. No bonds, and no increase in tax.

To Open Streets

The City Council met Tuesday and ordered opened several streets and alleys in the east portion of town. It is the sense of the present trustees to open any street or alley, now closed, that may be needed by anyone, but streets that are not of benefit to anyone and are now closed, they will be permitted to remain under fence by abutting property owners.

Remember "Go to Sunday School Day" May 6th.

Equipping Another Rig

Mr. B. A. Bonnville is equipping another oil rig to put into the Hardwick's Creek field. He says the oil in that territory is of sufficient quantity to pay for development, when the true quality of the oil is known. He says it is all a mistake about the output of these wells being a low grade oil, for, on the contrary, it is very high grade, and when its real quality is known he says all the producing wells drilled in this section, and others that may be drilled, will be pumped and made to pay.

Here's hoping Mr. Bonnville is right, and it is the opinion of many that he is.

Powell Raised 25 Per Cent

The State Board of Equalization, now in session at Frankfort, has raised Powell county lands 25 per cent and town lots 10 per cent, and set May 10th as the day to give the county a hearing.

Well; we are used to it. Some people in the county give their property in to the Assessor at its fair cash value, while others give their property in at about one fourth its cash value, and when the State comes along we are all raised alike. It is not fair, but we can only sulk and bear it.

Work on Roads to Start at Once

Harris & Myers, of Covington, Ky., who have the contract to build a stretch of road from this city to the Clark county line, have received two car loads of machinery and before this paper reaches all of our readers the dirt will be flying. The directors for the Hardwick's creek road have ordered some necessary machinery and equipment and will also be ready to start operations in a few days. May the good starts be maintained and further developed.

No Special Term of Court.

There was no special term of court held at Stanton Wednesday as previously announced in these columns and as it was generally understood that it would be to confirm the oil lease sales made at Stanton Saturday. The attorneys took the business to Winchester on that day where it was heard by Judge Shackelford.

New Tax Collector

At a meeting of the City Board of Trustees, the Clerk, Mr. G. Hackworth, was empowered to collect city taxes and issue receipts for same until a new Collector has been appointed to succeed the late C. P. McIntosh.

All those knowing themselves to be owing taxes to the city should call on Mr. Hackworth and get their receipts.

Church Services.

Rev. J. C. Hanley, of Stanton College, will occupy the pulpit of the Presbyterian Church next Sunday morning. A cordial invitation is extended to all to be present if possible at this service. Rev. Hanley is a favorite in Clay City whose sermons are always enjoyed by his congregation when here.

For Magistrate

In this issue appears the announcement of 'Squire John A. Sewell in the Clay City district, subject to the action of the Democratic party.

'Squire Sewell is the present Magistrate here, and an official with a clean record. He has always done in an official way what he thought was best for his people. He has found considerable odds against him frequently in the performance of his duty as he conscientiously saw it. He is one of the strongest good roads advocates in the county, but is going to make sure the price is right before he supports a measure.

It is not likely that the 'Squire will have any opposition for the nomination in the primary, because he is so strong with the taxpayers. In fact the Times thinks it would be ill-advised to give him opposition, for truly has Mr. Sewell gained by experience a very valuable asset that all members of a Fiscal Court should have before being able to best guard the interests of the county.

No Flowers in Park this Year

There will be no flowers planted in the Railroad Park here this year. The beds where flowers have been cultivated for number of years were sodded last week. We learn that the cause for this change is, that the proper care for the flowers has not been maintained in past years, and that the Railroad Company does not care to provide any public improvements where the public shows such little appreciation for them.

Health Reports

The death rate in Kentucky last year was 11.6 per thousand, for white people, or a total of 29,752 for both races. Of this number, tuberculosis claimed 4,291; pneumonia, another affliction of the lungs, claimed 2,709 deaths; The third largest number of deaths from one cause, was from violence, the number being 1,600. The number of births was 61,077, or a rate of 25.6 per cent per 1,000 people.

Eight died from hook-worms and thirteen from pellagra.

An Announcement

Stanton, Apr. 17th.

I hereby announce my candidacy for County Judge of Powell county, subject to the action of the Democratic Primary to be held on Saturday, August 4th, next; and I respectfully solicit support of all qualified voters, and if elected will serve the people to the best of my ability.

J. S. EWEN.

F. S. Pratt of the Fuel Oil Co., Charleston, W. Va., and his attorney, O. J. Wilkerson, also of Charleston, were in Stanton yesterday to look after matters pending in Circuit Court, they being informed that the court would hold a special term there that day.

Harry Russell spent Wednesday with his mother, Mrs. Sylvia Russell, at St. Helen's.

STANTON.

(By P. O. Derthick.)

Ross Hall was in Lexington on Monday on business.

Hobart Willoughby left for Middletown, O., a few days ago.

Mrs. Lucy Jackson left Saturday for Louisville to visit her son who is reported to be sick.

Mrs. Edna Ware, Nellie and baby, were up from Winchester Sunday to visit home folks.

Larkin Stamper has moved his family from Winchester to Stanton, and we are glad to welcome them into our midst.

Mrs. Edna Hall and girl came home from Middletown last week and went out to the Furnace to visit her mother, Mrs. Henry Morris.

Richard Crowe is home from Berea to stay. His wife will come from Knoxville, Tenn. this week and they will go to house-keeping.

It is said that Miss Mintie Willoughby of Hatcher's Creek will be married sometime in the next few days. We get this from reliable authority.

Miss Otie Faulkner, daughter of Mr. and Mrs. Henry Faulkner of Hatcher's Creek, and Mr. Martin, son of Mrs. Lizzie Martin, were married one day this past week.

We overlooked last week the marriage of Mr. Vernon Adams and Miss Alene Snowden. They slipped down to Lexington and were married, returning next day for the parental blessings. They will live on Morris Creek, where Mr. Adams will help on the farm of his father, Rev. J. T. Adams.

May the 6th will be Sunday School Day this year. All Kentucky will turn out on that day to Sunday School and we trust that everybody, men and women, boys and girls, children and babies, old and young, rich and poor, black or white, saint or sinner, will come out to some Sunday School on this great day.

The writer was in Jackson last week and saw where fire Sunday had destroyed forty to fifty thousand dollars of property, and all because some little boys were smoking cigarettes in the barn of M. S. Crain. He lost about \$20,000, a fine span of mules and a pony which the boys were looking at. Only by the hardest work was the whole town saved.

Mr. J. S. Ewen's announcement for County Judge will be found in the Times this issue. Mr. Ewen is too well known to all citizens of Powell county to need an introduction, and it would be a waste of time for the writer to try and make him known. He is probably one of the best farmers in the county; runs his farm on a strictly business basis—and makes a success of it. If elected to this office, he would probably bring to it the same business qualities that he uses in farming.

Three new families have moved here this past week, but we have not learned their names

A Display of Patriotism

Quite a number of houses in this city keep flags floating over them in a spirit of patriotism, and many persons have small flags pinned on their coat lapels. This, together with the high prices, are possibly all the signs of war we are apt to see.

City Board of Supervisors Meets

The City Board of Supervisors, composed of Messrs. John P. Ringgold, Joe Mountz and Clarence Hazelrigg, met Friday and passed upon the property of the city. They will hold another session Saturday, the 21st, to hear complaints from property owners who think the raise is too high.

The Progressive Herald

The Eastern Kentucky Progress and House Warming Number of the Lexington Herald appeared Sunday. The paper contained 150 pages of most interesting reading. The only regrettable thing about it is that all persons who desire to do so cannot find time to read it.

The Oil Lease Sale

The Master Commissioner's sale of oil leases at Stanton last Saturday was largely attended and the bidding spirited from the beginning. The leases were all sold, the Belle Campbell lease bringing \$12,250.00.

Garden Seeds

Through the courtesy of Senator J. W. C. Beckham, the Times has been provided with some garden seeds. We will give them out to our readers in the order of "First come, first served."

Buys Team of Mules

Roscoe Bowman bought a nice span of mules in Lee county last week for \$350.00.

yet. Stanton is on a little boom just now owing to the new road being built to the Furnace. It is said that within the next year a tremendous business will be done here, this new road being the shortest and nearest grade to the oil fields. The road is about half completed and will take about two more weeks to finish. Already there is a heavy increase in freight stuff at the depot, and it keeps Lennie on the jump to look after it.

It is reported that two new livery stables will be built in Stanton this summer and that an auto will make the trip out to the oil fields daily. When the new road is completed it is expected that a large number of the oil men will now come to Stanton. Let Stanton get ready to take care of them and of the business that they will bring here. This may be the boom Stanton has been looking for all these many years. We trust that everybody will co operate with these oil men, and make their coming and going—not forgetting their staying—pleasant, so they will make this their headquarters as much as possible. We are informed that one of the Federal Oil Company will move here in the next few days and several of the workmen will also make their homes here.

SLADE.

Ed Ewen went to Irvine on business last week.

J. A. Brown is treating his house to a coat of paint.

Mr. and Mrs. Shirley Sparks visited relatives in Estill last week.

I. H. McDaniel bought five head of young cattle of Elijah Boyd for \$250.

Mrs. Nannie Creacy of Bowen visited Mrs. Minnie Fankner and family, Sunday.

Miss Amy Wise of Patsy visited her sister, Mrs. Chas. Pasley, Saturday and Sunday.

George Ewen moved from Nada to Slade into the house vacated by Tommy Fields.

Mrs. Green Ewen and children of McCormick (Natural Bridge) visited Mrs. Ewen last week.

Mrs. Rena McDaniel and Mrs. Mary E. Faulkner are suffering from colds and a light attack of the grippe.

Misses Mande and Annie Bowen visited their parents here last week. They are attending State Normal at Richmond and are well pleased with that school.

A gusher was drilled in on the Ashley farm last week, reported as an 800 barrel well. A good well was also brought in on Tom Hall in the Pilot neighborhood.

Corn has broken the record in this end of the county. Farmers refused \$7.50, but from present indications, it is probable there will be more raised this year. Everybody is trying to raise a garden and some corn.

The new road from here to South Fork is to be constructed at once, work beginning this week. This road will be a great help to citizens of South Fork, and to the travel and hauling to and from the oil fields (in the Pilot and Ashley sections.)

The friends of Lotta, May and Annie Hun, will be glad to know they have made a success since going to Canada. It will be remembered their mother was hanged to death at Lombard nine years ago, and Lottie and Annie were sent to the Orphans' Home at Clay City. Annie is a good stenographer—has a position in Michigan. Lottie was adopted by Mrs. Hard. May has a good home and expects to visit friends here in May or June.

SPOUT SPRING

Asa Snowden has moved to the house of his father, Marion Snowden.

Oscar Milton has rented a house and moved to Jordan Barnett's place.

Shelt McKinney bought at Irvine court, a pair of splendid horse mules for \$180.

H. O. Kerr, of Log Lick, was here Tuesday and bought a small sow and seven pigs for \$35.00.

Walker Barnett has moved to the house recently vacated by Asa Snowden, on S. R. Curtis' place.

Mr. and Mrs. Asa Todd spent Saturday night and Sunday with Mrs. Martin, on Snow Creek, mother of Mrs. Todd.

Mr. and Mrs. Odell Douglas, of Plum Creek, spent a few days

recently with Mrs. Douglas' parents, Mr. and Mrs. T. S. McKinney.

Clarence Townsend came over from Camargo last Wednesday evening and spent with his parents the last night they staid here. They are Mr. and Mrs. Sidney Townsend, who moved Thursday to their farm in Montgomery which they recently bought there. The Townsends are good people whom we regret to lose as citizens and neighbors.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

The Farmer's Responsibility.

Upon the farmer rests in large measure the final responsibility of winning the war. The importance to the nation of an adequate food supply, especially for the present year, cannot be over-emphasized. The world's food reserve is very low. Not only our own consumers, but much of the world at large, must rely more completely than ever before upon the American farmer. Therefore, the man who tills the soil and supports the soldier in the field and the family at home, is rendering as noble and patriotic service as is the man who bears the brunt of the battle.

The American farmer, has long shown his ability to produce more food per man, and at a lower cost per unit than any other farmer in the world, but he has never had to do his best. He needs to do his best now. This is not the time in which to experiment with new and untried crops and processes. It is very important that the farmer devote his principle efforts to the production of such crops and the employment of such methods as are well established and as are likely to yield the maximum in food and clothing material.

Within the next sixty days the final measure of crop acreage and food production for this year will have been established. The importance is urged of an immediate mobilization of all available service of the Federal and State Departments of Agriculture and the Colleges of Agriculture in co-operating with the press, the banks, the commercial organizations, the religious and the social societies, that all may heartily join with the farmer in performing the patriotic duty of providing and conserving food.

Foley's Honey and Tar relieved me, and one bottle cured my cough entirely."*

As "Uncle Billy" Sees It.

"Uncle Billy", of the Winchester Courier, prints the following comparison of Uncle Sam to the Rev. C. M. Riley, of Owen county, a well known Baptist minister who frequently back in the eighties held revival meetings at Salem church three miles south of the city. Bro. Riley was a very interesting speaker and the following report of the Courier's "Uncle Billy" will be recognized as his character of language:

"I reckon the President feels a bout the Germans as to the peace proposishun sumthing like Uncle Clark Riley, an old and beloved Baptist preacher, who was holdin a meetin down on Twin Creek, in Owen county. Uncle Clark had bin holdin forth fur sum time, but the yung bucks on the back seats kep cuttin up after repeated admonishuns. Finally Uncle Clark lost pashunce, drew up his 6 1/2 foot mv muscularity to his full heit, pinte his long finger at the bunch and sed, 'I've been preechin the plain old gospel here for nie on two weeks and you yung fellers hav kep on cuttin up. I'll jes say this to you, it I can't preech Heaven inter yu, I kin nock hell outen yu; an I propose to do it if yu don't stop!' Yu bet they stopt.

So Woolly sed to the Kiser, or thunk it, that if he cident talk Peace inter him he cud nock War out uv him, an wnd do it.

Ready to Make the Nation Strong

Ready to do their part to make the nation strong in its time of stress, farmers from all parts of the State, agricultural experts, and business men of Louisville, mobilized at the Board of Trade in that city for a campaign looking to the extensive growing of foodstuffs to meet the food shortage and war conditions.

More than 100 persons, members of the Agricultural Committee of the Board of Trade, were present, assembling at the call of the Board and of the State and Federal authorities, who are launching a State-wide movement to offset the shortage of foodstuffs, by intelligent planting. They voted unanimously for the adoption of a comprehensive plan of action offered by Dr. Fred Mutchler, State Agent of the Federal Department of Agriculture and head of the State extension service.

They approve the scheme of sounding throughout the State an alarm that the food question is an acute one. This will be done by a series of mass meetings.

The problem of keeping farm labor in Kentucky, against the attraction of higher wages elsewhere in factories and munitions plants, was also discussed and a broad campaign of publicity was urged.

REPRESENTATIVE C. H. BAYS TALKS

Kentucky Assemblyman Makes a Strong Statement.

"HIS WORD IS HIS BOND."

There is no one more widely and favorably known throughout the mountains of Kentucky than the Hon. C. H. Bays, Sr., of Barbourville, who represents the counties of Knox and Whitley in the lower house of the General Assembly of Kentucky.

While in Frankfort attending the special session of the legislature he made

HON. C. H. BAYS, SR.

a statement relating how he personally investigated Tanlac. This is what he reported:

"While I was campaigning in Whitley county a good friend of mine who had been troubled with a run down system told me that Tanlac had helped him. I felt the same way, and when I told him so he insisted that I try it. I took his advice.

"After taking only two bottles my improvement was simply remarkable. I take a great deal of pleasure in recommending Tanlac, as I believe it to be the best all around tonic and blood purifier on the market."

For thirty-nine years Mr. Bays has been a prominent minister in the Christian church. He is sixty-nine years of age. He has lived in Knox county since he was three years old.

If you don't feel right get Tanlac today. If your stomach is sour and you feel bloated after eating and have that general tired out feeling, it is a sign that nature needs help to get your system back in order.

TANLAC can be obtained in CLAY CITY at Eaton & McGuire's.
